

## **Goodwill Gold Nomination Form**

Please complete the entire form with detail as to the reason you are nominating an employee. Nominations are reserved for those employees found to be going above and beyond their normal job duties. Provide specific details of the accomplishment, outstanding service, and/or achievement you are recognizing. The specific task must have occurred within the last 60 days. (attach additional sheets if necessary).

| Name of Nominee:  Department and Job Title: |                                                                                                                                                                                          |
|---------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                             |                                                                                                                                                                                          |
| duties expected of the position (i.e. s     | nment and/or contribution that was above and beyond the normal served as a role model, contributed to a positive work environment odwill Industries). Please be as specific as possible. |
|                                             |                                                                                                                                                                                          |
|                                             |                                                                                                                                                                                          |
|                                             |                                                                                                                                                                                          |
|                                             |                                                                                                                                                                                          |
|                                             |                                                                                                                                                                                          |
|                                             |                                                                                                                                                                                          |
|                                             |                                                                                                                                                                                          |
|                                             |                                                                                                                                                                                          |
|                                             |                                                                                                                                                                                          |
|                                             |                                                                                                                                                                                          |
|                                             |                                                                                                                                                                                          |
