March 2025

Find out the latest news and happenings from Goodwill Industries of Northeastern Pennsylvania.

### Developmental Disabilities Awareness Month

March is Developmental Disabilities Awareness Month and it allows us to recognize and celebrate the unique abilities and contributions of individuals with developmental disabilities. One of the best ways to celebrate is to improve awareness and understanding of developmental disabilities and the challenges that individuals with disabilities may face.

Community, accessibility, and opportunities for people with developmental disabilities should be recognized and championed every day, not just in March. Let's work together towards creating a more inclusive and supportive community for all.

When you round up your purchase at Goodwill, your spare change helps individuals with disabilities or other barriers become more self-sufficient in their lives. ### Medicaid Cuts

As lawmakers finalize the budget, they are considering drastic cuts to Medicaid that would put older adults, people with disabilities, children, and low-income families at risk.

Many people with disabilities rely on Medicaid for housing, employment, and community-based services. Without this funding people will lose access to the support and services they need to live independently and engage with their communities.
