🌟Success Story: Larry B.🌟

When Larry B. joined the First Step Act Initiative in November 2024, he was looking for a path toward a renewed future. Today, he is on that path from the driver's seat of a truck.

The FSA Initiative is funded through the Pennsylvania Department of Labor & Industry to Goodwills across Pennsylvania and helps justice-involved individuals restore their confidence and financial independence as they successfully transition back into their communities and positively contribute to the workforce.

With his unwavering determination, Larry successfully completed his commercial driver's license (CDL) training and earned his credentials.

His hard work paid off quickly, and he is now employed as a truck driver for Lowe's. Larry's story is a reminder of that with the right support systems and a commitment to personal growth, individuals can successfully re-enter society and find a rewarding path forward.

Goodwill in the Community: Carbondale YMCA Healthy Kids Day

As a good community steward, Goodwill Industries of NEPA often attends community resource fairs, career expos, and transition fairs to support our local communities and to highlight the resources we provide for individuals in need. We recently attended the Greater Carbondale YMCA Healthy Kids Day and had a great time talking with community members!
